"A Resurgence of the Spirit"

say and do daily? Michael Frost refers to our lives as being like a trailer or a preview of an upcoming feature film. A good teaser or a tempting taste of what is about to be released results in a person wanting to see the movie. If we do our task well as mission disciples, usually people will want to "see the kingdom we represent."

Once the Holy Spirit was ignited within the disciples and some 3,000 were added to their number that day, "the disciples devoted themselves to the apostles' teaching and to the fellowship, to the breaking of bread and to prayer." (Acts 2: 42) These types of habits are the practices we have been trying to encourage among ourselves through our BELL practices since the season of Advent. The idea of being a Blessing, Eating with one another, Listening to the voice of God, Learning the Gospel Story, and now being Sent, are a fulfillment of what the earliest disciples came together to do. I hope you are continuing to try these habits. If not, perhaps we need an infusion of the Spirit once again. As we celebrate Pentecost let us invite the Holy Spirit to provide a resurgence of the Spirit in each of us. Let the Spirit nudge you out, move you out of your current comfort zone, and encourage you to be a missional disciple for the Kingdom of Jesus Christ through the habits you create in the months ahead.

It usually takes 6-8 weeks to bring forth a beneficial habit into our lives, and sometimes the breaking of a bad habit takes even longer. As we seek to move forward in our discipleship for the Kingdom, we need to develop new habits to address a new culture for the expansion of the Kingdom of Jesus Christ. Begin with an inventory of your discipleship effectiveness by asking these five questions:

- *Whom did you bless this week?*
- *With whom did you eat with this week?*
- *What did you hear from the Holy Spirit this week?*
- *What did you learn about Christ this week?*
- *How did you alert others to the presence of God, Jesus, or the Holy Spirit this week?*

These are not simple questions, yet we must hold ourselves accountable to the calling of Jesus to go into all the world. Bless someone in the name Jesus. Eat with other disciples and with others to share the fullness of your life in Jesus. Set time apart weekly to Listen to what the Spirit is calling you to do for the Kingdom. Learn the gospel story by reading the gospel story again and see how the Lord works in the lives of people and the disciples. Consider where Jesus is Sending you to emulate Jesus in the world.

It's not any one of us, but all of us as One in the Unity of the Spirit!

Peace and Blessed Be,
Pastor Dennis

On Sunday, June 4th we will celebrate Pentecost. We will mark the "birth of the church" and the igniting of the Holy Spirit in the lives of the disciples during morning worship and with a special Community Service (See Separate Article). The Acts of the Apostles, written by Luke, record the events that not only surrounded the day of Pentecost, but the unfolding testimony of the disciples as they begin to fulfill the great commission. We will mark the "sending" of the disciples with our own practice of "being sent." Throughout the summer we will highlight the partnerships we have for mission and focus on habits we can develop to further the mission of the Kingdom of Jesus Christ.

The English term mission comes from the Latin *missio*, which means "to send" or "to be ejected" or "pushed out". In his book, *The Road to Missional*, Michael Frost points out that the understanding of "mission", as the exclusive definition to describe the purpose of a person who travels overseas attempting to spread the Christianity, is now defunct and antiquated. Mission now describes what all followers of Jesus are called to do, in attempting to glorify God in their daily lives to alert others to the presence of God. Every believer needs to take seriously his or her calling to alert others to God's Kingdom, "here on earth as it is in heaven." Do we understand the need to "point to Jesus" in all we

Stewardship Snapshot

Giving for the month of May was below expectations.

The goal is for envelope giving to equal or exceed our operating expenses. When that goal is achieved, we can provide the support needed for the ministries and missions of Unity Presbyterian Church.

It is important to understand that currently 37 percent of our expenses must be paid using reserve funds or other forms of income. This is not a sustainable mode of operation. The church council encourages everyone to examine their current situation in relation to their patterns of sharing their time, talents, and treasures with this community of faith.

Online Giving- Online giving has been pretty consistent each month. So far this year, it has accounted for 8 percent of our giving. We understand that worship attendance drops during the summer months. Online giving would be an excellent way to keep up with your support for the ministries and missions of the church.

Per Capita- To date, 134 members of the church have submitted their Per Capita Apportionment. If you haven't made your payment, please make it soon while you are thinking about it. It is too easy to let it slip and then forget about it.

Date	Envelop Giving	% of Expense Budget
5/7/17	\$5277	63%
5/14/17	\$2806	33%
5/21/17	\$3045	38%
5/28/17	\$2919	35%
May Online	\$1920	
Year-to-Date	\$116,970	63%

Events and Announcements

Unity Presbyterian Church needs your help in upcoming events to continue our mission of Serving God and Loving All.

We Need Your Help With:

- 500th Anniversary of the Reformation Celebration, October 2017: People are needed to help with the planning and implementation of the celebration. Examples include:
 - o Art projects (a timeline of the period and a 95 Theses illustration/spectacle)
 - o Banners, posters, a PowerPoint slide show for the Transept
 - o Getting the movie "Luther" shown on a big screen - Hollywood Theater.
 - o Special music
 - o Any other ideas.

We also need bibles in languages other than English for display.

- The NativITEA will occur on December 3, 2017. Nancy Schultz coordinates this event but can always use extra hands.
- The Festival of the Nativity will occur on December 15-17, 2017. A variety of Nativity sets are put on display in the Transept. The festival also features various musical offerings, and displays of Nativity-themed artwork throughout the Lounge and Transept areas. Please consider joining this committee to help with promoting and organizing the displays. Pam Frost organized this last year and is willing to assist this year.
- The "Scripture and the Arts" art show will be held in Spring 2018. Anyone who enjoys art is welcome to join this committee. Once a theme is selected, materials are circulated to encourage artists to enter the show. The pieces are displayed in the Transept. While there are people who have organized the show in the past, more help is needed to coordinate this event in the coming Spring.

Our Church and the community will appreciate and benefit from any way you can help. A volunteer form will be in future church bulletins that can be filled out and placed in the offering plate.

Don't Miss Hook, Line & Sinker

A Fishing Outing called Hook, Line & Sinker will be held for members of the Kids, Intermediate, Confirmation and High School Classes on Saturday, June 17, 2017 at Cross Creek County Park in Washington County, PA from 8:00 a.m. to 3:00 p.m. The outing will involve fishing, boating, and a picnic. We have reserved a pontoon boat, a shelter, and a picnic

area. Each child may bring one friend. We will be able to supply fishing gear and instructions for youth. Anyone 15 and under may fish without a license. A picnic meal sponsored by the Christian Education Committee will be enjoyed by all about 12:30pm. We plan to leave Unity's parking lot at 8:00am and return by 3:00pm. Of course if you prefer, you can meet us there. Maps are available through the CE Committee. Contact Fred Frost, ffrost@unitypresbyterianchurch.org to register.

Summer Construction Season @ Unity

During the upcoming summer, you will see several improvement projects around the church facilities. The biggest project will be the replacement of the front stairs and railings during the month of June. This will necessitate blocking off the front entrance during the construction process. (See separate Stairway to Heaven article)

You are already seeing the transformation of the Courtyard unfolding with the multitude of new plantings. New doorways, hallway windows, and other items will be added before our hope of unveiling the finished courtyard by the fall.

We are already seeing the advantages of the new sanctuary windows and we will be adding shade blinds to help further the energy efficiency and improve the ease of seeing the video screens during bright days. New lighting will be installed in the Chapel with ease of switches as you enter the area.

Events and Announcements

Stairway To Heaven

If you have entered the main entrance to the church sanctuary via the steps leading to the narthex, you have noticed the need for patching many areas over the years. The patches have remained temporary partly due to the composition of the steps. The steps are made of sandstone which is porous. Moisture penetrates the stone and due to freeze/thaw cycles during the cold months, cracking and spalling occurs. Even with patching and sealing, the material degrades with time. A contract has been issued to finally replace the steps. There are currently capital improvement funds available to pay for the work, but we will need to replenish those funds to permit future capital projects to be completed.

The Stewardship & Resources Committee has initiated a fundraising campaign to generate the \$36,800 necessary to replace the funds for this project. We will be monitoring progress on this goal over time and will be reporting on it on a regular basis. The project has been named "Stairway To Heaven". Any funds donated for this purpose should be clearly marked "Stairway To Heaven". Please plan to give generously to this project as well as the ongoing operation of Unity.

Stairway To Heaven- Destruction/Construction of the exterior stairs to the sanctuary should begin in June. The current total (end of May) for the Stairway To Heaven capital project was \$1115. We still have a long way to go to reach our goal of \$40,000. Don't let the summer doldrums slow down your contributions to this important project.

Calling All Gardeners and Volunteers!

A Message from Sally Petro...

Calling All Unity Gardeners! Unity Food Pantry continues to welcome numerous new clients each month, which makes it difficult for us to have adequate supplies of produce on hand to distribute each week. If you have a garden and enjoy growing fruits and vegetables, please consider sharing some of your harvest with the Food Pantry this year! Produce can be left on the Pantry table on Sunday or delivered to the pantry any Tuesday morning. Thank you for helping us feed our neighbors in need!

Unity Food Pantry Needs Volunteers to help make large pickups of food from the Food Bank on the first Tuesday of each month, beginning August 1. These volunteers will meet in the church parking lot at 7:15 am and take the church van to Duquesne, where they will load the van with food for the Unity Food Pantry. Once back at the church, the volunteers will help to unload the van and take the food down to the pantry. Total commitment will be about three hours each time. Volunteers should be healthy and able to lift up to 50 pounds. Food received from the Food Bank makes up over 75% of the food we distribute to clients, so these pickups are an essential part of us being able to provide ample nutritious food for our ever-growing client base. If you can help out with one or more first-Tuesday pickups, please contact **Sally Petro** at sarpetro@msn.com or 412-531-2868. *Thank you for helping keep this vital ministry to our community going!*

The Unity Soul Series

2017

The Unity Soul Series

A gym for your spiritual fitness.

This is not a traditional exercise class, you will not break a sweat, but it does involve movement and deep breathing. Comfortable attire is recommended. If you're having trouble picturing what QiGong looks like - self-exercises are like a combination of Tai Chi and Yoga, where as Medical QiGong with a practitioner can be a mixture of massage, energy healing that looks similar to Reiki, and acupuncture.

Wednesday, June 21st, 7:00pm in Fellowship Hall

Qigong Exercise for Health - Dr. Ted Cibik

Founder of Ted Cibik's Inner Strength Health & Wellness Center

Qigong is an ancient Chinese form of meditative exercise designed specifically for healing the body. Medical Qigong is a step further in understanding the energy rivers of the body, and using qi or energy to help release blockage or balance energy that has been disrupted from accident, injury or even chronic illness or traumatic situations. Dr. Ted Cibik is one of the leading Doctors of Medical Qigong in the country, whose office is north of Pittsburgh. He will be teaching an easy, yet powerful, series of qigong exercises to help you bring better health and vitality to your body and mind.

Pronounced "chee-kung", the literal English translation of the word means "energy of life". It is related to the Chinese practices of Tai Chi and acupuncture. People seeking alternative medicine to treat various physical and mental ailments such as migraines, chronic pain, tinnitus, digestive issues, high blood pressure, stress, anxiety and depression have had documented success with Medical QiGong. Sometimes results happen quickly or over a period of time through repeated sessions.

Additionally Medical Qigong practitioners such as Ted complete years of study and training in the discipline. This involves traditional classes in anatomy and physiology, and completion of clinical hours, along with Chinese medicine practices designed to develop the practitioners own healing energy. The practitioner becomes board certified by the National Certification Commission for Acupuncture and Oriental Medicine

Qigong can benefit anyone - young or old, healthy or sick - so Dr. Cibik's class offers a fantastic and FREE introduction to this form of alternative healing. Certified Medical Qigong practitioners are not all that common in the local area, and this seminar gives you the chance to meet one of the national leaders in the discipline. You can explore the idea of undergoing treatments with Ted and/or simply utilize the at home exercises he will teach.

Wednesday, July 26th, 7:00pm in Fellowship Hall

Healing Properties of Essential Oils and Essential Oils of the Bible - Meredith Irwin, dōTERRA Wellness Advocate

"And the leaves of the tree are for the healing of the nations."
-Revelations 2:22

Essential Oils are "volatile aromatic compounds", which means a chemical compound "sufficiently volatile" enough to be transported by our olfactory system. These are naturally occurring aggregates, which are found in the seeds, bark, stems, rinds and roots of plants. Quality therapeutic grade oil (usually not bought over the counter), is extracted using steam distillation

The Unity Soul Series

or by cold pressing. This not only maintains the integrity of the oil, but also frees it from toxins created by more conventional stripping via harsh chemicals.

Essential Oils are designed by nature (or by the Creator) to protect the plant against environmental threats. These "threats" can include fungus, bacteria, parasites and insects. Therefore, essential oils have also been called the immune system of the plant, and are known to have an incredible variety of healing and therapeutic properties – both physical and mental.

One such amazing benefit is essential oils can be used to balance our hormones, which are under constant assault by the "xenoestrogens", ("xeno" meaning foreign) in our modern environment. These harmful chemicals disrupt our hormone balance and endocrine system because they mimic estrogen.

When xenoestrogens disrupt the delicate balance of our bodies over a long period of time, it can result in many negative health effects, including cancer. Estrogen based cancers are comprised of cancer cells that have a large number of estrogen receptors. People automatically think breast cancer in women, and prostate cancer in men, but colon, pancreatic and lung cancers also have a high amount of estrogen receptors.

Some of the biggest culprits of xenoestrogens in our environments include pesticides, herbicides, metal-based dental fillings, aluminum-based deodorants (which unfortunately is most deodorants on the market), and plastic. Plastic is the easiest way for xenoestrogens to enter our bodies since it so pervasive in the food and beverage industry. Plastic water bottles, for instance, contain high levels of Bisphenol A or BPA, a known xenoestrogen and carcinogen.

Essential oils contain phytoestrogens, phyto the Greek word for plant, and actually fight the negative impact of xenoestrogens. Phytoestrogens are controversial however, since they are also an estrogen not naturally produced in the body. So is it possible they can still be harmful and upset our hormone balance? Many studies are still being conducted, but it seems these mild estrogens may bind to estrogen receptor sites forcing the more harmful xenoestrogens to be flushed from the body. It is believed they may also be responsible for cancer cell apoptosis, or programmed cell death.

Science has also proven that our sense of smell, of all the five senses, is the one most closely tied to our emotions. This is because our "Aromatic Pathway" from our nose through the olfactory nerve is directly tied to our limbic system, the part of our brain that stores memories and controls emotions. Hence why "aromatherapy" is used to treat negative feelings and invoke more positive mental states.

Additionally, essential oils have been used for prayer, meditation and in religious ceremonies since the beginning of recorded history. Did you know essential oils are mentioned over 500 times in the Bible??!! Come to this educational workshop, explore the medicine woven into The Creation and see what the fuss has been about for the last few thousand years!

***Essential oils will be available for purchase at this event, but attendees are not obligated to purchase oils. This event is meant to be more of a learning opportunity. We discuss evidence that supports this information as well. These statements have not been endorsed by the FDA.

Common Essential Oils of the Bible and Their Healing Properties

Frankincense

Origin: Boaswellia Sacra Tree of the Middle East, particularly Somalia

Benefits:

- Considered to be one of the most medicinal essential oils because of its powerful anti-inflammatory properties, which can be used to manage chronic pain and diseases like Chrone's
- The cancer fighting properties of frankincense and myrrh are currently being studied, but may aid cancer cell death
- Is easily able to travel through the blood / brain barrier, where most compounds cannot, having a positive impact on reducing neural inflammation, which assists in the severity of Alzheimer's symptoms, ADHD and common "brain fog"
- Helps reduce the appearance of blemishes and rejuvenates skin
- Often used in religious ceremonies and meditation because it represents divinity, known as "liquid gold" in the time of Jesus and today
- Evokes feelings of peace and comfort

Myrrh

Origin: Commiphora myrrha Tree native to parts of Saudi Arabia, Oman, Yemen, Somalia, Eritrea and eastern Ethiopia

Christian Education

Month in Review - May

May was an eventful month here at Unity. A group from our congregation participated at the senior retreat with 25 others from the Pittsburgh area. The shared activities included a Bible lesson, hayride, crafts and fabulous luncheon all set up by the Crestfield staff. Our final Friday movie night was shown and well appreciated. The series will resume September 15th with the sequel, God's Not Dead 2.

The teen sleep out to support Covenant House will be rescheduled, but a date has not been decided. For more information, contact Nancy Schultz, nschultz@unitypresbyterianchurch.org. The **Spring Fling** involved five of our students traveling to Harbour House where they helped residents during an ice cream social. Gifts from the students of plants and hand crafts were also given.

On May 21st teacher appreciation was held with 22 teachers and assistants from our congregation recognized. The kids sang a special song for the teachers and the poem "Why God Made Teachers" was dedicated to them. During Sunday school the students prepared special mint plants that said "Thank you for the Commit - MINT. Lynne Wallis was presented with a special gift of recognition for her 15 years of dedicated service.

During worship the children's message and activities will continue for the summer months and of special note **VBS will be held from June 26-30, and the theme is "HERO CENTRAL"**

JUNE EVENTS

A new summer series of movies will begin in conjunction with SS Simon & Jude. The movies will be shown in the SS. Simon and Jude's air-conditioned sanctuary. The second movie in the series will be shown on June 30th - Rome Reports (Vatican III).

Unity teens will be grocery shopping for the children and teens of our food pantry. Part of the proceeds from the Souper Bowl will be used. The summer months are the hardest for families with children as the children are home for breakfast and lunch, which they normally get in school. So the teens would like to get some extra special items for these kids!

Common Essential Oils of the Bible and Their Healing Properties (continued)

Benefits:

- Myrrh is known as the "Holy Anointing Oil" and is referenced 160 times in the Bible
- Myrrh has also been studied in fighting cancer and disease because it works on healing the hypothalamus and the liver, it has shown to reduce inflammation
- Supports the healthy functioning of white blood cells, boosting the very important antioxidant glutathione, which makes myrrh a powerful detoxifying agent
- Beneficial in ridding the body of excess estrogen, helping to restore hormone balance
- Antimicrobial and antiviral properties
- Promotes awareness and uplifted mood

Spikenard

Origin: Nardostachys jatamansi, a flowering plant of the Valerian family which grows in the Himalayas of Nepal, China, and India.

Benefits:

- Spikenard is mentioned various times in the Old and New Testament. Most notably it was oil given to Jesus before his arrest. Mary of Bethany anointed the feet of Jesus with Spikenard during the Last Supper
- Promotes feelings of calmness and relaxation, with an uplifting aroma often used in perfume
- Spikenard is used as a mild sedative to help people with insomnia get restful sleep
- Has antibacterial properties, and can be used to treat bacterial infections skin, bladder and kidneys

Mission Highlight

Her Star Scholars, Inc Philippines Child Profile May 2017

I. IDENTIFYING DATA

- a. Name: Rica Ybanez
- b. Age: 6 years
- c. Date of Birth: December 18, 2010
- d. Grade level: 1

II. FAMILY COMPOSITION

Name, Relationship, Age, Educational Level, Job Monthly, Income
Ricardo, Father, 41, elementary level, farm helper, \$70 (occasional)
Rutchell, Mother, 40, some high school
Jenalyn, Sister, 15, Grade 9
Roxanne, Sister, 12, Grade 4
Honey Sister, 10, Grade 4
Claire Sister, 8, Grade 4
Rica, 6 {Refer to photo.}
Aisa, Sister, 5
Baby Girl Sister, 2
Ricardo, Brother, 1

III. EDUCATIONAL AND EXTRA-CURRICULAR ACTIVITIES:

- Rica has average grades.
- She can write legibly and read with comprehension.
- She participates in class activities.
- She enjoys oral recitation, art, and reading.
- She occasionally misses class to beg food from neighbors.

IV. PHYSICAL, SOCIAL AND EMOTIONAL DEVELOPMENT:

- Rica is malnourished.
- She is emotionally strong.
- She makes friends easily
- She attends Sunday School every week and enjoys singing.

Notes: Her parents are not supportive of her education and occasionally keep her home from school so that she can beg for food with her sisters. The parents relationship is unstable and they frequently separate.

Prepared by: Noted by:

Rica
2017

Rica and her
family 2014
(white shirt)

Rica Ybanez is a Her Star Scholars recipient sponsored by the Unity Sunday school students. We have been financially supporting Rica, and two other girls, who all use offerings that Unity students take each Sunday morning.

Her Star Scholars helps girls and women who are living in poverty receive an education so that they can achieve their fullest potential. They support a variety of programs including pre-schools, K-12, enrichment programs, leadership training, vocational training, and college scholarships. Julie Humphrey, daughter of elders Joan and Roy Humphrey, founded this wonderful non-profit organization, and has been in the Philippines for years conducting this missionary work. Her parents and the Unity congregation are very proud of Julie! Her Star Scholars is a 501(c)3 non-profit, tax deductible organization run entirely by volunteers.

Gifts can be submitted on Sundays, using the blue envelopes located in the sanctuary pews (please indicate "Birthday Fund" on your check or envelope), or submitted at any time in person or through the mail - simply complete the form below with your info, and return it to the church office.
