**How to Add a Prayer to the Unity Prayer Wall**

What is the Prayer Wall?
It's a virtual group on the Unity Realm site that lists prayers submitted by people. It's a place where people can go 24/7 to keep up with "who to pray for today." It's a connection tool that gives people a chance to make a prayer request and also have an opportunity to be part of our virtual prayer team.

To Get Started from Realm:
1. Log in to Realm.
2. Click on **Community** on the left side of the screen, then **Communications**, then **News**.
3. Scroll down to a Post entitled "Submit a Prayer Request" and double-click on the title to open up the Post.

4. Click the blue link **Unity Presbyterian Church Prayer Wall Request.** You can copy and share this link with your family and friends.

5. Fill out the **Prayer Request Submissions** form and select a Sharing Choice.
6. Check **"Yes"** if you want to be on the Prayer Wall group (recommended).
7. Click **Submit.**

Your prayer request will be sent to Unity staff. If you elected to share your request only with pastoral staff, it will not be added to the Prayer Wall group. If you selected "Prayer Wall," your request will be added to the Wall and will be immediately visible to everyone in the group for prayer support.

If you checked "Yes" to join the prayer wall group:
The next time you log in to Realm, simply click on **Community,** then **Groups**, then **Unity Prayer Wall** to view a list of prayer requests, and you can post your own prayer requests from there.

To Submit a Prayer Request from the Church Web Site:
1. Log in to www.unitypresbyterianchurch.org.
2. In the dark blue banner on the home page, click on **Announcements & Videos.**
3. Click on **Unity Presbyterian Church Prayer Wall Request**.
4. Fill out the **Prayer Request Submissions** form and select a Sharing Choice.
5. Check **"Yes"** if you want to be on the Prayer Wall group (recommended).
6. Click **Submit**.
